Please choose one task from this grid to do each week.
Turn over for daily tasks.

History	Art	Science
Talk to some grown-ups from your family and find out what they used to play with when they were your age. Draw or paint a picture of their favourite toy.	William Morris was an artist who lived in Victorian times. He was famous for his wallpaper designs. He would repeat the same shapes and pictures when creating his artwork, often using flowers and leaves in his designs. Can you create a wallpaper design using a repeating pattern like William Morris?	We are continuing to learn about properties of materials this term… Draw an everyday object e.g. a sofa, window, water bottle… Think about what it is made out of (is it glass, plastic, wood, metal?) and write some sentences to explain why the materials are suitable. Design a 'silly invention' e.g. a bridge made of paper or a teapot made of chocolate! What makes it a silly invention?
Literacy	Maths	DT
Write about your favourite toy. What is it called? What does it look like? What does it do? How do you play with it? You can draw a picture to go with your writing.	https://play.ttrockstars.com/ You will find your Times Table Rock Stars log in in your learning log. In year 2 we focus on the 2, 5, 10 and 3 times tables.	Can you design and make a toy or game to play? Could you make a Christmas decoration to decorate our classroom during December?
Reading	PE	Computing
Read your favourite story book and draw a picture to show something interesting that happened.	Go for a nature walk. What do you notice about how the trees and plants are changing? What else do you notice about this time of year?	Go to Busy Things and have a go at a learning game of your choice. The Computing 'early coding' games are really fun!

Daily Tasks-

Reading

This can be one of your school books (Oxford Reading Tree) or another book that you like.

Phonics/Spelling Practice

Use www.phonicsplay.co.uk to play some fun phonics games!
