

Potato Printing

You will need:

Potatoes cut in half and then cut into your chosen design

Knives

Plates/paint pallets

Paper

Water and brushes

Paint (water colour or poster paint)

Method 1

1. Put the paint on a plate/paint pallet and dilute with a little water (if necessary).
2. Soak the potato block you have made in this colour.
3. Use it like a rubber stamp, pressing the coloured surface onto a piece of paper.

Method 2

1. Colour the surface of the block with a brush soaked in water colour paint.
2. Press the block onto a piece of paper.
3. Try using your stamp in different ways.
